MIRAMOS

Miramós lets us in on a magical and playful journey outside time, amongst colours, shapes and imagination. We experience the beauty and fragility of nature, and know that all living things on Earth belong together and need each other. In Miramos we meet four unusual creatures who are on a visit to our blue-green planet. They investigate our world with curiosity and fascination. But where do they come from and what are they actually doing here?

DANSKOMPANIET SPINN is a professional dance company based in Gothenburg. We are passionate about the art of dance and about challenging stereotypes regarding what dance is and can be. It is about different bodies with different functions and new ways of creating and presenting dance art. In our world, everybody is welcome. It is not about how many pirouettes you can do, but what you want to express with the pirouette that you do. *Read more!* www.danskompanietspinn.se
